

Perbadanan Tabung Pendidikan Tinggi Nasional (PTPTN) National Public Loan for Higher Education Authority

Mission

Perbadanan Tabung Pendidikan Tinggi Nasional (PTPTN) was established under the National Higher Education Fund Corporation Act 1997 (Act 566) which became effective on July 1, 1997. PTPTN started operations on 1 November 1997 in Wisma Chase Perdana Off Jalan Semantan, Damansara Heights, Kuala Lumpur. PTPTN mainly manage funding for higher education and further collection of loan repayment. The loan is given to underprivileged students for higher education fund.

PTPTN needs signage solution to fulfil following requirement

- (a) Simple and user friendly content management interface
- (b) Display latest events and updates
- (c) Play corporate videos
- (d) Stream satellite TV feed - Astro
- (e) Installation in 2 different locations with connectivity through VPN

Solution

As the existing installed LCD locations are narrow and close to wall, a small form factor signage solution is required in order to avoid hecking. SpinetiX was chosen for this reason due to its small and compact size. Creation of content at ease using hyper media director is very much welcomed by their internal IT team who is managing the entire content.

SpinetiX solution is installed in two separate building in two remote locations. Uploading of latest content are done centrally through the client's VPN.

Results

- PTPTN is able to publish latest content to different branches from the HQ
- Latest updates and events are always displayed
- Contents are synchronized and consistent throughout all branches
- Visitors are entertained not only with satellite TV feed but also kept inform of the latest services offer

Installation

- 6 x HMP100
- 7 x LCD display
